Do you have a renovating or design dilemma? We've taken your questions to our experts and asked them for inspiration and advice to help you with your projects!

insider secrets

bathroom edition

UNEXPECTED PERSONALITY You don't need bold colours and patterns to create a space with personality. This bathroom designed by Karen Sealy of Sealy Design Inc. combines wood, white and chrome with stunning features like a wall-to-wall mirror and a statement wall behind the tub.

CREATIVE STORAGE Storage space is at a premium in a small bathroom. Decorative baskets and canisters are the perfect way to add storage to open shelves and counter tops. In this bathroom, the vanity is built from wall-to-wall adding extra counter top space and shelves beside the tub.

ADD A LITTLE GLAM A little goes a long way! A few well placed accessories including a pearl mosaic vase and a soft white floral add a glamorous touch.
