After initial consult it was decided more research was required before moving forward.

I believe Karen Sealy is a design wizard! Not only did she school me on where I should not be wasting time or money on the renovations I thought we should tackle, she blew my mind on a potential plan that was completely out of my realm of possibilities. I love her ideas!

I love Karen's sense of style and understanding of function! Upon meeting Karen, we were very impressed with her knowledge of construction details, ideas and vision for our home. She listened carefully to our wishes and offered solutions within our budget. Karen designed our dream kitchen and we absolutely love it. The details and finishes are exquisite. The flow of the house is open and welcoming and exactly how we envisioned it.
